# ACCOUNTING V FINANCE

Is there a difference?

# Yes! Accounting and Finance are Different

DEGREE INDICATOR

For a long time, I wondered what the exact difference was between Accounting and Finance from a degree standpoint. As an Accounting major I had both classes in my college curriculums.

## BECOME AN ACCOUNTANT DEMAND IS VERY HIGH

*Now I know why when someone asks me anything about Accounting, I have an answer or at least a great deal of understanding for their question. In accounting you touch upon every facet of the Accounting landscape. For example, depreciation, payroll taxes, general ledger, trial balance, capital expenditures, fixed assets, owner's equity... and on and on.*

It's a very lucrative career industry, 100 percent.
